

Bedtime Story For the Little Ones

UNCLE WIGGILY AND BECKIE'S BUTTER.

By HOWARD R. GARIS.

UNCLE WIGGILY LONGEARS, the nice rabbit gentleman, was riding along in his automobile one fine day, rolling over the fields and through the woods, looking for an adventure, when, all at once, from down near the Bologna sausage tires of his auto he heard a voice calling:

"Oh, please don't run over us and crush us! Please don't run over us!"

"Run over you? Of course I'll not!" cried the rabbit gentleman. "That is, if I can see who you are," and he stopped his automobile very quickly.

"If you please," went on the voice, "we are some dandelions and buttercups, growing in the meadow through which you are now riding. We just came up to greet the spring and if you crush us—"

"Just What I Want!"

"Give me cake made with Calumet—I know what I'm getting—I know it's pure, wholesome, nourishing, tempting and tasty."

"It's all in Calumet's wonderful leavening and raising power—it's absolute purity. Use Calumet for uniform results and economy."

TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleaned each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of antrox, which can be obtained from any druggist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Adv.

OUCH! LUMBAGO?

Try Muterole. See How Quickly It Relieves

You just rub Muterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Muterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Muterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). Always dependable.

NEWS NOTES FROM MOVIELAND

By DAISY DEAN.

FRANCIS X. BUSHMAN has begun work on a five-reel feature, with Beverly Bayne as costar, in which he is seen as a "fighting parson." The title of the play is to be "The Voice of One." It was written by William Christy Cabanne, who also is directing the production in the Quality studios.

This is to be the first of a series of five-reel features, with Mr. Bushman and Miss Bayne as stars, and Mr. Cabanne as the director.

Arline Pretty.

Billie Burke.

Billie Burke. BILLIE BURKE is to act for the movies again, but this time it will not interfere with her stage work. The actress of the titian hair has just signed a contract with the Famous Players-Lasky Corporation to pose for photoplays to be made by them for a period of two years. Her first picture in the new series will be "The Mysterious Miss Terry," based on a scenario by Gelet Burgess. Work on the film will be begun within a few days.

LIFE'S LITTLE TRAGEDIES

Maybe this will explain why you haven't received that autographed photograph from Thomas Melburn. Famous Players' leading man, Thomas Melburn, found that his correspondence was accumulating something terrible. So he hired a young woman by the name of Marjorie Van Allen to answer his mail, turning over to her scores of letters containing stanzas and couplets. She took them "home" for the purpose of addressing the letters and enclosing the photographs.

REAL EATING

Peggy Prevost testifies that the eating done for the screen is no imitation. "I love savanahs and breads and the scenery which required my eating them, until we had rehearsed the scene so often that I had eaten about as many as the stars were long."

SHAW IN MOVIES

George Bernard Shaw has come in for the movies, that is, George B. has gone in so far as to appear in a prologue to a London production of "Man and Boy." It was rumored that George B. was none too thrilled by the experience. "Why, I didn't get to talk at all," he confided afterward to one of the boys over at the Academy of Dramatic Art.

FAME ENOUGH, SAY WE

Julius Raucourt, a character actor with Mutual, has done things in a literary and dramatic way of considerable importance. He has scored stage successes in Belgium, France and England. He is the author of "The Purple Garden."

14 Years Ago Today

From The Herald of this Date, 1903.

SATURDAY and Sunday, El Paso had a very noted visitor staying over here to get some knowledge regarding this section of the country, especially in regard to the mining resources. He was count Luis Bonaparte Primoli, of Rome, Italy, who is a direct descendant of Napoleon Bonaparte, the great emperor of France.

Henry L. Ryerson, of Las Cruces, is in the city visiting his brother, Will Ryerson.

George Fitzgerald is in the city from his mining properties in the Organ mountains.

The local R. of R. T. is arranging to run a special train to Cloudcroft next Sunday to hold a picnic.

Yesterday afternoon the five and drum corps met at the baggage room of the R. P. & S. W. and held a very enthusiastic practice. They now have about 30 members.

The jewels stolen from the home of A. P. Coles Friday night were recovered last night by detective George Harold, who received a reward of \$100 from Mr. Coles.

A Klein went east yesterday to buy a new stock of goods for his new store. Five carloads of fine fat beef were cleared today for Fletcher Brothers through the local custom house.

color scheme in her present stationery.

In "The Wild Cat" Jackie Saunders has a big Maltese cat that dives into a tank after fish. She also uses a big time rat in a cage. Miss Saunders tried to use a tame bull snake, but the director drew a line at that.

Charles Ray, who is known as one of the best dressed men in pictures, declares he felt anything but "at home" in the ill fitting garments he was compelled to wear in the "Pinch Hitter," a new picture in which he is to be presented by Thomas H. Ince.

Seamus Hayakawa, the Japanese star, is to be presented soon in an adaptation of Wallace Irwin's fiction character, "Hashimura Togo," the Japanese schoolboy.

Theda Bara rides into the jaws of an alligator in her coming picture "Jezebel." He's a 500 year old one just enjoying the active prime of his alligator days.

Another pleasant thought: There are no Swiss Bell Ringers on the screen.

Ruth Stonehouse completed the direction of her first Red Feather picture recently, on the day which commemorated the completion of her first year with the National company.

Fritz Brunette's special engagement with the Selig company has developed into one with a contract, and an opportunity for Miss Brunette's playing a number of his feature leads.

Don't Feed Your Baby Every Time He Cries

Many are the mothers who feed the baby to make him stop crying. Poor Baby! He stops—for a while—and then it's all the worse. For the tiny stomach has had another load added to its already undigested burden.

The baby isn't always hungry. Perhaps he's getting too much of the wrong kind of food.

Give him your breast milk as long as you can. It may be the saving of his life when he is sick. You'll probably be able to nurse him nine full months if from the beginning you use one feeding a day of

Nestlé's Food

(A Complete Milk Food—Not a Milk Modifier)

Give him that feeding at any hour each day in place of your own milk—and leave yourself free to take a little air or pleasure to build up your own milk.

Then when weaning time comes, you'll just give more feedings until the baby's all on NESTLÉ'S without feeling the change.

NESTLÉ'S comes to you in a safe, air-tight can—you add only water and it's ready. You don't have to worry about sour milk or consuming cows or even the milk in NESTLÉ'S—made from the

clean milk of healthy cows in sanitary dairies—every cow's milk danger has been destroyed—every baby need has been added.

BEAUTY CHATS.

By Edna Kent Forbes.

Corsets.

It is really a great pity, in the cause of health and beauty, that we cannot go back to heelless shoes and uncorseted bodies. But, having accustomed ourselves to tailored figures and high heels, we think them extremely beautiful, and anything else dowdy. And it is really a fact that a fat woman without a corset is a hopeless proposition.

It remains, then, to wear heels as low as possible, and to adopt the sanest corset, unless one is slim enough to wear high waists and go without them. The little figure, if corseted at all, should have only the slightest girdle—indeed, a hip corset, hunched at the sides and front, is all that is needed to lend trimness under a tailored gown. The sports-model corset is a good one to choose. The medium figure, of course, has an unlimited number of models to select from, but the wisest is a medium bust with elastic gorges at the top and not much boning.

The heavy figure needs a model that supports the heavy abdomen and ties in the hips, since the hips can stand pressure. And every corset should be fitted to the figure.

Shapes are as different as leaves on the tree, and it is impossible to suppose that the same corset will fit every one. It is better to pay a little more, and have

TOYAH MAN SUES RAILROAD.

CLAIMS DAMAGE OF \$15,000

Suit for \$15,000 damages was filed in the 114th district court Wednesday afternoon by J. W. Nunn, of Toyahvale, against the G. H. & S. A. railroad. The plaintiff alleges in his petition that he was employed by the Texas and Pacific railroad company as an engine driver on El Paso, N. M., east. On the night of July 7, 1915, he alleges a freight train was switched near Sierra Blanca, by a G. H. & S. A. crew who neglected to change the markers, leaving a red light burning. Believing the train on the main track, the plaintiff alleges, he applied the emergency brake and was badly injured by falling from the cab.
